Jutting from the southeastern coast of Baffin Island, this peninsula encompasses Cumberland Sound, whose profuse wildlife sustained Inuit and their predecessors for thousands of years. We hope to experience the same natural wonders as we sail through the marine-rich waterway. It was even considered a potential missing link in the early search for the Northwest Passage. While exploring, you'll have the opportunity to delve into the captivating maritime history of the region, gaining a deeper understanding of its past and present significance. We'll make the most of every opportunity to hike the vast tundra and Zodiac in the ice-strewn waters. Experience the remarkable beauty of Ilulissat Icefjord, renowned for its enormous icebergs. Ilulissat means “iceberg”—an apt name for this site at the outlet of the Sermeq Kujalleq glacier. It is a UNESCO World Heritage Site and the source of many of the icebergs in the North Atlantic. Marvel at the sheer grandeur of the towering ice formations as you take a stroll along the boardwalk—truly a sight to behold! Visit the town, with its museums, charming cafes, craft shops, and bustling fishing harbour. Be sure to make your way to the Ilulissat Icefjord Centre, where you can delve into the fascinating narratives surrounding the ice and gain a deeper appreciation for this awe-inspiring natural wonder.

DAY 11: Sisimiut Coast

Explore West Greenland’s complex coastal waterways that include glaciers, islands, and fjords against a towering mountain backdrop, with plentiful opportunities for hiking and Zodiac cruising. Learn about the Saqqaq, Dorset, Thule, and modern Inuit cultures that have called the Sisimiut region home for the past 4,500 years. The waters are relatively warm here, due to the West Greenland Current and the subarctic location.

DAY 12: Kangerlussuaq, Greenland

End your journey by sailing up Kangerlussuaq Fjord (Søndre Strømfjord), a 190-kilometre-long fjord surrounded by mountains and glaciers, and cross the Arctic Circle on your way.
