#### DAY 3: Tasiilag, East Greenland

Tasiilag is East Greenland's largest settlement, sitting on rugged Ammassalik Island. Isolated from European contact until its founding as a trading post in 1894, it preserves the unique culture of the Tunumiit people. Once home to Greenland's last shamans, Tasiilag is the origin of the tupilak, a feared magical creature - now a celebrated art form. Visitors can meet sled dogs (with owners' permission), experience drum dancing, hike tundra meadows, and visit the famous Stunk Artist's Workshop.

### DAY 4: Ikateq and Kuummiut, East Greenland

During the morning, we approach Ikateg, also known as Bluie Two East - a haunting remnant of the American military presence on Greenland during the Second World War. Marvel at the remains of this vital airbase, untouched since it was abandoned in 1947. In the afternoon we reposition to Kuummiit - a small village deep in the calm waters of Ammassalik Fjord. Here we will have a chance to connect with the friendly locals and experience East Greenlandic culture in one of country's most beautiful and welcoming villages.

### DAY 5: Sermilik, East Greenland

Our next stop is the breathtaking Sermilikfjord - a vast ice-choked fjord which drains the colossal Helheim Glacier. Armadas of vast icebergs drift from the Greenland Ice Sheet out into the North Atlantic, creating one of the most spectacular natural sights on Earth. Join your Expedition Team on a Zodiac cruise and marvel at the gigantic icebergs, natural ice sculptures tens of thousands of years in the making!

### DAY 6: Skjoldungen, Southeast Greenland

Today, we explore Skjoldungen, a stunning fjord on Greenland's southeast coast, known to locals as Saggisikuik. Once visited by Inuit and briefly settled in the 20th century, it is now remote and uninhabited. Surrounded by breathtaking peaks, highlights include Thryms Glacier and the valley of Dronning Marie Dal. Weather permitting, we may land to explore or cruise by the glacier.

### DAY 7: Prins Christian Sund and Aappilattog

In the morning, we sail through spectacular Prins Christian Sund, a 60 km iceberg-filled strait linking East and West Greenland. Surrounded by mountains, glaciers, and valleys, it's one of the world's most spectacular waterways. By afternoon, we reach Aappilattog, a small, remote village beneath granite cliffs, known for its traditional lifestyle, scenic hiking, and famous local choir.

### DAY 8: Qassiarsuk and Itilleq Kujalleq

Next, we cruise through Tunulliarfik Fjord to Qassiarsuk, a lush village known for sheep farming and its rich Norse history. Founded in 1924, the modern village sits on the site of Erik the Red's 10th-century farm, Brattahlíð. Legend has it that his wife Thjodhild refused to join her pagan husband's bed until he built her a church the first in the Americas. In the afternoon, we hike from nearby Itilleg to Igaliku and the ruins of Garðar, the seat of Norse Greenlandic power.

#### DAY 9: At sea, en route to Nuuk

From South Greenland, we sail north along the rugged coast. Nearly all of Greenland's settlements lie on the western coast, facing the Davis Strait. Warm Atlantic currents enrich these waters, attracting whales, seals, human hunters, and many seabirds so keep an eye out during our day at sea!

Home to 20,000 residents, Nuuk, Greenland's capital, offers culture, history, and stunning natural beauty. Inhabited since 2200 B.C. by Paleo-Inuit and later by Norse settlers, Nuuk is now Greenland's cultural and political center, featuring the Parliament, National Museum (home of the Qilakitsog mummies), Katuag cultural center, local art shops, and cozy cafés. Affectionately known as "Nuuk York" by locals, it stands as a singular blend of the ancient and the contemporary.

### DAY 11: Kangaamiut and Evighedsfjorden

On the final full day of our voyage, we arrive in Kangaamiut, a village where traditional hunting, fishing, and weather shape daily life. Guests can hike for panoramic views, and enjoy a warm cultural welcome with local crafts, food, and performance. In the afternoon, we venture into Evighedsfjorden known as "The Eternity Fjord" by Zodiac, cruising past majestic glaciers and dramatic bird cliffs, a thrilling and unforgettable finale to our Arctic voyage.

### DAY 12: Kangerlussuag, Disembarkation

As our journey concludes, we sail up the 160 km Kangerlussuag Fjord and disembark by Zodiac. Though Kangerlussuaq is more known for its Cold War-era military roots and role as a transport hub than cultural heritage, its surrounding wilderness offers striking natural beauty - the perfect place to end our thrilling expedition. \*Please note: Cruise itinerary is subject to change depending on weather conditions, ice conditions and other factors.
