THE ARCTIC - REALM OF THE POLAR BEAR | MS EXPEDITION

DAY 2: Spitsbergen - Days 2 to 7

This voyage is spent travelling in the world in which the polar bear survives. Our wildlife viewing opportunities are enhanced by exploring as many remote areas as possible. Spotting wildlife like the Arctic fox, Svalbard reindeer, and land or sea birds can be difficult, but well worth the effort. Ice and weather conditions permitting we can explore near sea ice, through fjords that lead to glaciers and icebergs, and discover bird nesting colonies, all from the platform of the ship. Alternatively, hop in a Zodiac to explore more closely, or be brought to land to visit historical sites and experience the tundra. We are always on the lookout for wildlife, ranging from endangered and rare polar species to sea mammals and birds. And, of course, we'll have our eyes peeled for polar bears - they can be found all throughout this region, but finding them can require patience and persistence. Come join us in the search!

DAY 8: Spitsbergen/Longyearbyen

On the departure day, there will be transfers available to the Longyearbyen airport for all passengers with flights scheduled. Please Note: While it is our intention to adhere to the route described, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The itinerary is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered.
